Sir:

In accordance with 37 C.F.R. 1.76(c)(2), Applicant submits herewith a Supplemental Application Data Sheet [hereinafter "SADS"] in which only the information to be changed is identified, i.e., Foreign Priority Data. However, to assist Patent and Trademark Office personnel and to ensure that this SADS is associated with the appropriate file, the following fields are also completed: Application number and filing date; the Attorney docket number; and the Customer number.

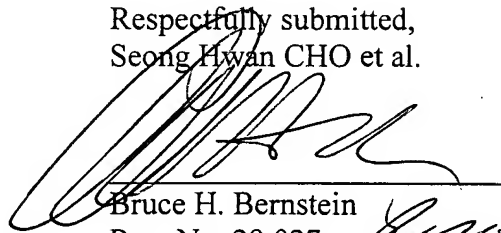

Applicant notes that the SADS attached hereto even more clearly identifies the Foreign Priority Data as **---Republic of Korea 10-2002-0044859 07/30/2002---**, instead of "Republic of Korea 10-2002-0044859 07/30/2003," which appears on the Declaration (and as it appears in the Claim of Priority and the Official Filing Receipt). Moreover, this information was noted in the Cover Letter Regarding Executed Application concurrently filed with the application pointing out the year already indicated on the Declaration as 2002.

P24012.A04

Accordingly, Applicant requests entry of the attached SADS to ensure that the identified information is accurately printed on the face of the printed patent.

If there are any questions with regard to this submission, the Examiner is requested to contact the undersigned at the telephone number listed below.

Respectfully submitted,  
Seong Hywan CHO et al.
